Study Abroad for School of Theater, Dance and Performance Studies Majors

MYTHS BUSTED!

MYTH: *I could never afford to study abroad.*

TRUTH: You can apply your regular financial aid and scholarships toward the cost of studying abroad. There are national and UMD scholarships specifically for study abroad too!

MYTH: *I can only study abroad my junior year.*

TRUTH: Students can study abroad as soon as their first winter term at UMD. Work with your academic advisor to determine where in your academic program studying abroad fits best. You can even study abroad your last semester or the summer after graduation!

MYTH: *I can't go away for a whole semester so I can't study abroad.*

TRUTH: UMD offers semester, year-long, winter, summer, and spring break options. Because UMD offers so many different types of programs, study abroad doesn't have to delay graduation, either!

MYTH: *I don't speak a foreign language so I can't study abroad.*

TRUTH: UMD and our partners offer programs all over the world where introductory levels of language are taught. Additionally, most programs offer English as the language of instruction. Studying abroad can enhance your current language skills or teach you new ones!

ARHU Students: Get Globally Engaged

ARHU encourages students to see the world from inside another culture. We hope the experience will help our students understand and appreciate how other people think, what they value, how they live their lives as an individual and as a society, and how they view themselves in the larger world.

Open your heart and mind: Be Worldwide!

Why Should TDPS Majors Study Abroad?

- Experience theater and dance on some of the greatest stages in the world!
- Live where great performance traditions began.
- Learn and practice the performance traditions and practices of another culture.
- Gain an international perspective on your performance skills and experiences.
- Expand your cross-cultural communication skills and develop a global network.
- Demonstrate to employers your adaptability, flexibility and ability to succeed in diverse settings!
- Don't just "think outside the box," BE "outside the box!"

Get Going! How to Plan for Study Abroad:

- Discuss study abroad with your advisors in your departmental major and your college.
- Research programs on the Education Abroad website.
- Meet with a Peer Mentor if you need help exploring your options and refining your goals for study abroad.
- Research financial aid and scholarships.
- Apply! Our online application is easy.
- Apply for a passport (can take up to 12 weeks).
- Complete pre-departure paperwork to know how credits will apply to your degree.
- Just go away!
